

Trail Run for a Cure

part of Callie Race Day

June 21, 2025

Run the beautiful trails at Rohr's Wilderness Tours in Wisconsin's north woods. Groomed hiking trails nestled into the forest and hills of the Forty Acre Woods. 3K of up and down and all through the property's north end. Lush forest complimented with ferns, wild flowers and wild blueberries, raspberry and blackberries.

Enjoy the day; breakfast, lunch, and a pig roast plus a live auction and awards that evening. Canoe and Kayak Racing heats begin at 8 am and 9 am. Run for a Cure steps off at 10 am. Paddle or Run, just come and be part of the fun.

Net proceeds from all the events go to the Callie Rohr Foundation, Inc. to fund pediatric brain cancer research at Ann & Robert Lurie Children's Hospital in Chicago. This is the 20th year of canoe/kayak race day, the first year for Run for a Cure. To date, we have donated just a little over \$250,000.00 to research. Be a part of the fun and help fund research for this devastating cancer. Callie was just short of 10 when she lost her battle. Run for a Cure, help a child to overcome and not suffer the same fate.
